ACTIVITY NAME	Reward Poster
OUTPUT NUMBER	IO1
PARTNER	Akademie für PB = Mazais Princis
ACTIVITY & CLASS	Financial Literacy Classes 5-7 years
DURATION	Every day for 5-15min, week long
OBJECTIVES	Main – Financial education Others – defining a goal
MATERIALS	Template of object in Annex 1.1
LEARNING ACTIVITY METHOD	<p>This is a weekly task. Dealing with money, especially saving, always has something to do with working towards something specific. We, and our children too, cannot always have everything immediately. That's why it's important to have goals. They help us to persevere, to be more motivated and more focused. <u>In the beginning of the week</u> the teacher explains the meaning of this poster. The reward poster supports children on this path and it also develops good savings habits. How it works?</p> <ol style="list-style-type: none"> 1. Each child receives a template from e.g. a cherry tree with white cherries, all of which must be painted red (not included). Or wallet with non-colored coins (in annex1.1) 2. You only get red cherries for one service. Or you can colour one coin for one task 3. The tasks are presented at the beginning of the week. 4. This is how you visualize the way to the goal together.

	<p><u>In the end of the week</u>, the teacher holds a discussion on whether the goal has been reached and how all the kids are having their posters filled.</p>
